MEET OUR NEW OFFICER

Evelyn is a Civil Engineering student, and a previous SHPE officer. She will be the Director of Professional Development for the rest of the semester. Make sure to say hi! Here is a statement from her:

"Hola SHPE! My name is Evelyn and I am your Director of Professional Development for this semester. As an engineering student, I know how difficult and sometimes intimidating it is to attend career fairs, speak with professionals, master your elevator speech, and create an impressive resume. My goal is to help you develop all the professional skills necessary to obtain that internship or full time position you have always wanted. Let's work together to make this happen."
